- It is the rider's responsibility to enter the proper class. Failure to do so will result in the loss of all points earned. Example: if you ride the "A" class locally must enter the "A" class in the Championship series.
- PRO 250 Class: Riders wishing to enter the Pro 250 class can request placement. Once a rider enters Pro 250 they must enter Pro 250 for the rest of the season. Points are earned against other Pro 250 riders. Riders will still receive Overall/AA points.
- PRO ATV Class: Riders wishing to enter the Pro ATV class can request placement. Once a rider enters Pro ATV they must enter Pro ATV for the rest of the season. Points are only received based on overall ATV finish (identical to PRO/AA)

5. SPORTSMEN: First time racers who have not yet raced A/B/C classes. Riders receive No AMA Points or Trophies. Class will only need to complete 1 lap to be considered a finish. Class will start with last starting Motorcycle Row. Riders can enter Sportsmen as often as they wish.

RACE PROCEDURE:

1. All events shall run a designated number of laps **determined by the lap time of the race leader**. The "**Overall/AA, Pro, A & B**" classes **shall race** a minimum of 2 ½ hours, maximum of 3 ½ hours. "**C**" classes **shall race** a minimum of 1 ½ hours, maximum of 2 ½ hours.
2. All Championship Hare Scrambles tracks must be a minimum of five (5) miles long,
3. Each wave should start at one minute intervals. The "**Overall/AA/Pro**" classes will start in the first waves, followed by **the remaining** "A" classes. **The remaining** "B" classes will follow, **then remaining** "C" classes. Complete classes should be combined to start fewer waves. Starts will be dead engine with riders astride their motorcycles. No straddling the front wheel. Additional non-Championship support classes must be run separate from all Championship classes and must be previously advertised.
4. The first rider to complete the designated number of laps **within the minimum and maximum race time** will receive the checkered flag and their exact time (to the nearest second) of finish shall be recorded. All subsequent riders shall be given the checkered flag and their exact finish times be recorded. In order to be considered a finisher, **a rider must take the checkered flag** and complete at least 50% of the laps of the winner of his/her class.
5. Overall scoring (as well as class scoring) shall be based on total elapsed time (from time of start to time of finish) and total laps completed. It therefore may be possible that the first rider to receive the checkered flag may not be the overall winner.
6. In order to be eligible for Championship points, a rider must finish in the top 20 of his/her class.

START PROCEDURE:

1. Starting procedures will be explained at Riders Meeting.
2. Riders, pit crew members, machines and equipment are not permitted on the starting line until authorized by the race official.
3. Riders shall line up on their assigned starting row when directed by the race official.
4. All starts are dead engine. The blue flag will signal all riders to turn off their engines.
5. A "10 Seconds" signal will be given before the green flag is thrown. At the "10 Seconds" signal, all crew members must clear the start area.
